

Syllabus, including resources and links is available on the Adams12 library services wiki.

<http://adams12libraryservices.wikispaces.com/>

➤ **Thinking differently about the library....**

Sara Williams' (Biblio Chica) application for Highly Effective Library status:

<http://bibliochica.edu.glogster.com/highly-effective-sl-program/>

- A look at personal computing devices that are showing up in our schools....and that foster student engagement! All are available for checkout from IT-LS dept.

iPad – does it all using downloadable apps and internet access.

iTouch – does almost everything the iPad does but on a smaller screen.

eReaders with internet access \$80 – \$240 -Kindles and Nooks

Mimio Pads – walk around your room to interact with your computer desktop projected on screen.

Google Chromebook \$300 – no desktop, no software. Just internet access to work “in the cloud” and apps.

2. Using the Resources to create K-12 Skills Continuum.

Look for links to your resources on the AD12 digital literacy wiki:

<http://ad12digitalliteracy.wikispaces.com/home>

Continue building on prior work.

3. Regroup and report on progress on Skills continuum for your grade levels.

4. Items for discussion for the good of the entire group?
